Thanks to two matching Outdoor Recreation, Parks and Trails Program Grants, or ORPT, through the Division of Parks and Recreation at DNREC the Town was able to construct a new basketball court at Sunnyside Village and update the older basketball court at Green Meadows.

We'd like to thank the Town's Parks and Recreation Committee for getting this started back in 2019, the Division of Parks and Rec at DNREC for working with us throughout this process. Jerry's Paving for the courts paving and lining, Basketball Hoops Unlimited for the amazing hoop systems, and our Public Works and Electric crews for keeping up with the daily progress and for the installation of the hoops.
