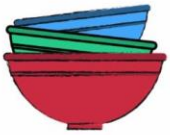
Power Savers™

Use less, save more.

Power Savers Tips

It's getting *hot, hot, hot*! Use these tips to reduce your energy use and save money!

Use a microwave instead of the oven to heat food faster and use less energy. It keeps your kitchen cooler, too!



Let dishes air dry instead of using the heat cycle on the dishwasher.

Program your thermostat to keep your house warmer and avoid having the AC run while you're away.
