Electric Bill Advice

The more electricity that your home consumes, the higher your electric bills will be. Thankfully, Efficiency Smart offers a free service to help you understand the electric use in your home and provides suggestions on how to decrease your electric bill.

You don't have to be an expert to find ways to lower your bill. Our team will ask you a series of questions to better understand your electric use. Based on your answers, we will provide you with specific recommendations that can help decrease your energy use, many of which are no to low-cost.

Step-by-Step Guide

1. Gather a recent electric bill (if possible)
2. Contact our Customer Support team via phone, chat or email
3. Answer a few questions about your home and electric usage
4. Receive free helpful tips and information that can help you lower your electric usage

Ask about Town incentives that may apply. Within the Downtown Development District? Even more incentives are available!

Wear a mask with the best fit, protection, and comfort for you.

N95 Respirator	KN95 Respirator	Disposable Mask	Cloth Mask
NIOSH-approved		Sometimes referred to as "surgical masks" or "medical procedure masks"	Non-medical, made of fabric
When worn correctly, respirators offer the highest level of protection and filter 95% of particles.	Filtration varies depending on standard. When worn correctly, KN95s provide more protection than disposable masks.	Disposable masks offer more protection than cloth masks.	Layered finely woven cloth masks offer more protection. Loosely woven cloth masks provide the least protection.

CDC

Masks and respirators should not be worn by children younger than 2 years old.
