Stay up-to-date with the latest energy saving news from Efficiency Smart

## Efficiency Smart's Electric Bill Advice Program

# Save Energy During the Heating Season

The days are getting shorter and the heating season is just around the corner. With lower temperatures and the first signs of snow comes the potential for higher electric bills. Efficiency Smart can help you find ways to control your electric usage and save money during the colder months of the year.

Our Electric Bill Advice program is a free service that helps you understand the electric use in your home and the steps you can take to reduce it. We can provide you with specific recommendations to decrease your energy use, many of which are little to no cost to implement.

How it works:

1. Visit our website or call us at 877-889-3777
2. Answer a series of questions about your electric use
3. Receive specific recommendations to decrease your energy use

Visit our [Electric Bill Advice](#) page or call us at 877-889-3777 for more information.

**Trivia Tuesdays in November**

# Win \$25 to use on our Online Savings Store

How well do you know Efficiency Smart? Put your knowledge to the test this November for a chance to win a \$25 promo code to our Online Savings store!

Every Tuesday in November, we will share an Efficiency Smart trivia question on our Facebook page. Answer correctly and you'll be entered to win a \$25 promo code to our Online Savings Store!

To play, visit our [Facebook page](#) and comment with the correct answer by the end of the day each Thursday in November. Make sure to like our page to stay informed of all promotions and winners.

## Online Home Energy Assessment Community Challenge Winners

Congratulations to the Village of Minster for winning the Online Home Energy Assessment Community Challenge!

After a close race, Minster came out on top as the community with the largest percentage of households completing an Online Home Energy Assessment. As a result, the following Minster residents won their choice of any one item from our Online Savings store:

- John, who won a smart thermostat
- Tim, who won an air purifier
- Katrina, who won a dehumidifier

The following winners were also selected from the remaining pool of completed assessments to win their choice of any one item from the online store:

- Bill, from Oberlin, Ohio, won an air purifier
- Kayla, from New Castle, Delaware, who won an air purifier

Did you miss out on the community challenge? You can still complete a free [Online Home Energy Assessment](#) to find ways to save in your home. Make

sure to also stay connected with Efficiency Smart on [Facebook](#) or [Twitter](#) so you can be in the know for future promotions.
